## SAGE INTACCT INTEGRATIONS

### A CONNECTED FINANCE STRATEGY

Bring your systems, data, and processes together with Sage Intacct — creating a connected finance ecosystem that gives you real-time visibility and control.

SYSTEM TYPE	DESCRIPTION	EXAMPLES
CRM & Sales Platforms	Align finance and sales data to gain visibility across the full customer lifecycle.	Salesforce, HubSpot, Zoho
Payroll & HR Systems	Sync employee data, payroll costs, and reporting for greater accuracy and compliance.	ADP, Gusto, Paychex
Expense & Spend Management	Automate expense tracking, approvals, and reporting to reduce manual processing.	Webexpenses, Certify, Pleo
Reporting & Data Platforms	Combine financial and operational data to unlock deeper insight and better decision-making.	Power BI, Hotel IQ
Industry-Specific Systems	Connect key operational platforms such as PMS, EPOS, booking, and sector-specific tools.	Opera, Guestline, Mews, Toast, Lightspeed, Marketman, Fareharbour, Rezdy
Custom Integrations	Build integrations tailored to your business using Sage Intacct's flexible API and development capabilities.	Percipient Cloud Connect
